

Welcome to the Marching Pride Family!

Hello!

Thank you for your interest in chaperoning for the 2010-2011 school year. Chaperones are an important part of the Marching Pride; the band is unable to travel without the right number of chaperones! I hope that you will find chaperoning to be rewarding and a whole lot of fun.

We are conducting a chaperone training meeting August 25th where you will be able to choose the dates that you would like to chaperone. You must chaperone at least twice prior to December to be eligible to chaperone the Disney trip.

When we are signing up for the various activities, you may sign up for as many or as few as you would like. I would suggest bringing your personal calendar with you so that you can make note of what you have signed up for and check for conflicts with work or your personal life.

Some other items to note:

You will need to purchase a band parent shirt to wear while chaperoning. The cost is \$10.00.

All chaperones will need to have Level 2 clearance. This means you will have your fingerprints taken and a background check performed.

It may take 2 to 4 weeks from the time you have your fingerprints taken until the Administration Center has your background check back, so we ask that all the steps to become a Level 2 chaperone be completed by September 15th.

The chaperone meeting in the band room August 25, 2010 at 7 PM is mandatory. This meeting usually lasts about 2 hours.

If you have any questions or concerns regarding chaperones or if you have general band questions please contact me, I am here to help.
